

## MASTER TOUR RIDER RECOGNITION PROGRAM 2020 CALENDAR YEAR ELIGIBILITY

*Please note: Eligibility occurs at the conclusion of the 5, 10, or 15 year participation period and assumes active continuing participation and renewal for that period of time. If there is any period that the Master was not kept current (e.g.: training had expired), the awards that follow that lapse should be delayed by the same amount of time. Document the amount of any delay in the database comments section.*

\*Master Number Range contains numbers known to have been issued during that calendar year. Year of application is based on the application approval date, not on the date of entry into the database. In some instances, Master Numbers may have been issued out of sequence (e.g.: up to 5989 in 2005) causing a number to be issued in a year other than listed. These minimal occurrences are to be ignored to simplify the tracking as well as to benefit the affected Members.

\*\*Master Numbers 8704, 8705, 8707, 8711 and 8712 issued out of sequence in 2011.

\*\*\*Master Number 9426 issued out of sequence in 2013.

\*\*\*\*Master Numbers 9960 thru 9985 issued out of sequence in 2015.
